

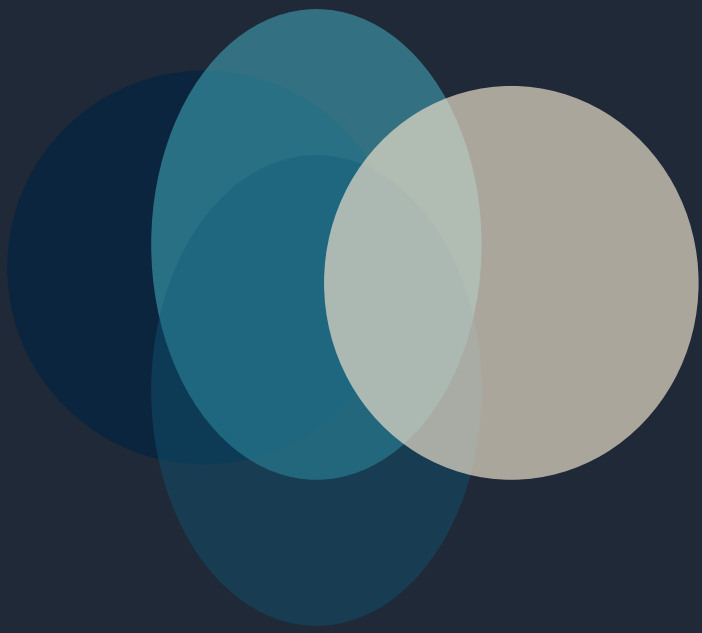
FOREMESH

SEE RISK EARLIER

Strategy, intelligence and security for stronger businesses.

MARKETING / ARTIFICIAL INTELLIGENCE / CYBERSECURITY



GROW.
AUTOMATE.
PROTECT.

Three connected capabilities. One strategic partner for growth, automation and digital protection.

01

MARKETING

Create demand and growth

02

AI

Automate and amplify

03

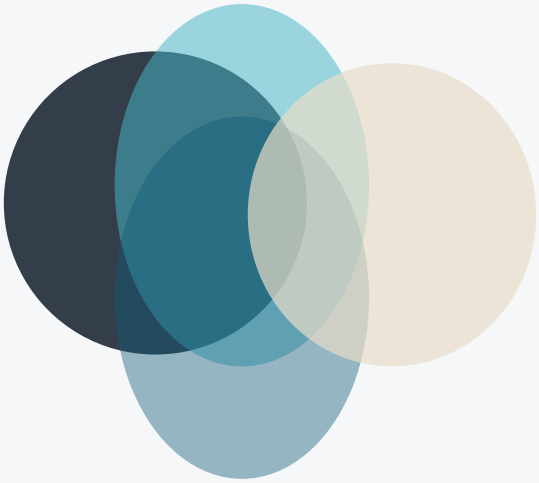
CYBERSECURITY

Protect data and systems

ONE COMPANY. THREE CONNECTED CAPABILITIES.

SEE RISK EARLIER

INTELLIGENCE BEFORE RISK.



VISION

A future where growth and technology are secure by design.

MISSION

Turn Marketing, Artificial Intelligence and Cybersecurity into strategic assets that create measurable business value.

"Technology should not create more complexity. It should create clarity."

BUSINESS FIRST | AI-NATIVE | SECURITY BY DESIGN | HUMAN-CENTRIC

01
MARKETING

Build visibility. Create demand. Drive growth.

We design digital ecosystems that connect brand, content, acquisition and conversion. Marketing becomes a measurable, scalable system built around performance.

01 Brand Strategy & Positioning

Identity, positioning and corporate messaging.

02 Web Design & Development

Websites, landing pages and conversion-focused platforms.

03 E-Commerce

Catalog architecture, integrations and digital sales.

04 Digital Advertising

Google, Meta, LinkedIn and performance marketing.

05 Social Media Strategy

Editorial planning, content systems and audience growth.

06 Lead Generation

Acquisition, qualification and conversion journeys.

07 CRM & Sales Funnels

Pipelines, follow-ups and customer journeys.

08 SEO & Analytics

Organic visibility, measurement and dashboards.

BUILD VISIBILITY / CREATE DEMAND / DRIVE GROWTH

02
ARTIFICIAL INTELLIGENCE

Automate work. Amplify people.

We build AI systems around real business processes to reduce cost, save time, improve decisions and create competitive advantage.

01 AI Business Assessment

Map processes and identify high-impact AI opportunities.

02 AI Assistants

Intelligent assistants for teams, customers and websites.

03 AI Agents

Task-driven agents connected to workflows and business apps.

04 Process Automation

Automate repetitive administrative and operational work.

05 Sales AI

Lead qualification, follow-up and CRM intelligence.

06 Enterprise Knowledge AI

Internal knowledge bases and intelligent search.

07 Document Intelligence

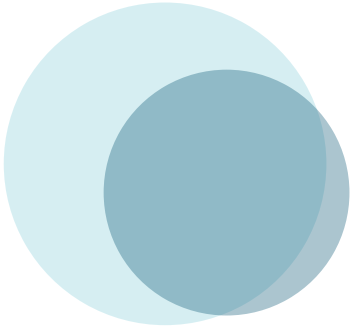
Extract, classify and analyze business documents.

08 Custom AI Solutions

Tailored AI applications and software integrations.

AUTOMATE WORK. AMPLIFY PEOPLE.

AI-NATIVE BY DESIGN



03
CYBERSECURITY

Protect the business before risk becomes disruption.

We help organizations understand exposure, strengthen digital infrastructure and embed security into the systems they use every day.

01 Cybersecurity Assessment

Review infrastructure, processes and digital exposure.

02 Cyber Risk Assessment

Identify and prioritize business and technology risk.

03 Vulnerability Assessment

Detect weaknesses and prioritize remediation.

04 Security Architecture

Design and harden secure technology environments.

05 Cloud Security

Review and protect cloud infrastructure and services.

06 Identity & Access Security

Accounts, authentication, privileges and access control.

07 Email & Phishing Protection

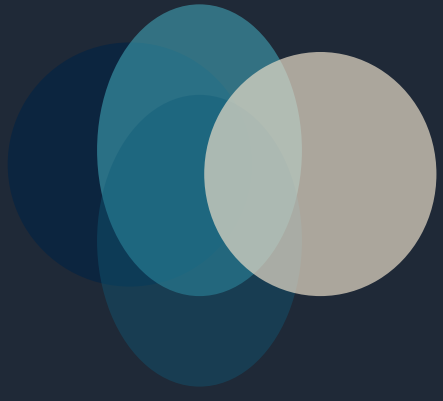
Reduce impersonation and social-engineering risk.

08 AI Security

Secure agents, models, data flows and AI applications.

PROTECTION BEFORE DISRUPTION.

SECURITY BY DESIGN



THE FOREMESH MODEL

One path from challenge to outcome. Strategy, implementation and continuous optimization.

DISCOVER

Understand the business, goals and critical areas.

DESIGN

Define architecture, priorities and roadmap.

BUILD

Implement marketing, AI and security solutions.

CONNECT

Connect data, platforms and people.

OPTIMIZE

Measure, learn and continuously improve.

WHY FOREMESH

- **One strategic direction**
- **Technology tied to business value**
- **Security integrated from day one**
- **Solutions designed to evolve**

MARKETING + AI + CYBERSECURITY

BUILT FOR WHAT COMES NEXT.

FOREMESH was founded in Ontario, Canada, at the intersection of business strategy, Artificial Intelligence and Cybersecurity. We help companies grow intelligently, automate what slows them down and protect what they build.

Build smarter. Grow faster. Stay protected.
